Coforge SEI-Do's & Don'ts – SEI Clean Room

***All activities** on SEI network are **monitored** for compliance to policies described in SEI's Information Security Program.*

*There is a **ZERO** tolerance for any **violation** of the acceptable use policy requirements and may be subject to **disciplinary action** which may include possible **termination of employment**, and civil and criminal liability.*

The appropriate action is determined by an employee's manager in coordination with SEI Workforce Development/Coforge HR.

***RULE OF THUMB**: "**ANY** artefact that **originates** from **SEI Network** (Email/Document/Code etc.) should **NEVER leave SEI Network** in any form (Email/Website/Print etc.)"*

Do's	Don'ts
✓ Use SEI e-mail address to conduct SEI business only.	× **Don't** attempt to upload / copy / share code snippet or document or code to your personal email id or anywhere else on internet. Usage of online comparison tool to compare any file or contents is strictly prohibited.
✓ Use computer resources only for business-related tasks/activities.	× **Don't** download Software, programs, and communications (i.e. e-mail) and executable files, if obtained from an unknown source.
✓ Download from internet is only allowed for material that is primarily business related and constitute a reasonable and permissible use of SEI's resources. If not sure, consult your Manager.	× **Don't** carry personal equipment (Mobiles, Headset, Smart Devices etc.) inside the Clean Room.
✓ Access only those websites which contain content appropriate for the workplace and which does not present a risk to SEI / Coforge.	× **Don't** use or associate an SEI e-mail address with an account used for personal activity relating to online forums, chat rooms, or virtual communities.
✓ Be responsible for complying with the copyright law and applicable licenses that may apply to files, graphics, documents, messages, and other material you wish to download or copy.	× **Don't** throw Confidential Information into a bin, it must be shredded.
✓ Work/support from home to be permitted **only** on SEI provided encrypted laptops after prior approval from SEI and Coforge Manager.	× **Don't** exchange system components without authorization.
✓ Lock your workstation, log off/sign off during your break, or anytime you leave your computer/terminal.	× **Refrain** from Sending mass mailer, chain letters, high internet usage, playing games, online auctions, chat groups or using personal instant messaging, printing multiple copies of documents; using peer to peer file sharing utilities.
✓ Only Data Owners may grant access to SEI Data. If not sure, consult your Manager.	× **Don't** use freeware, shareware, or public domain software without your manager's permission (in consultation with SEI IT group).
✓ Clear all Confidential Information, originals and copies, from all printers and copiers immediately after use.	× **Don't** share passwords / accounts / access to systems.
✓ For any system management related activities, take assistance from local SEI IT Team.	× **Don't** de-activate your password protected screen saver.
✓ Only VPN technology authorized and provisioned through the SEI build must be utilized.	× **Don't** grant access to SEI data to another person.
✓ Store SEI related documents and computer media in locked cabinets when not in use.	× **Don't** use SEI resources for any illegal and/or unauthorized activities including (piracy, cracking, extortion, blackmail, intellectual property infringement, fraud, identity theft and unauthorized access to any systems over public or private networks).
✓ SEI email account must have appropriate SEI-branded email signature blocks in New/Reply/Forwards (Signature created from template only, "Contractor" and "SEI Internal Communications Only" must be there in signature).	× **Don't** bypass SEI firewalls or any other security controls by connecting directly to the Internet (or any other network) by any means other than provided by normal SEI network connectivity.
✓ Ensure that no data (document, excel sheet, pdf, etc.) should be stored on Desktop.	× **Don't** bypass or disable security controls or procedures implemented.
✓ Systems are secured to a Locked CPU Cabinet	× **Don't** leave confidential client information in an unlocked cabinet.
✓ Formal security training must be done at defined frequency.	× **Don't** use Remote console applications such as VNC, PC Anywhere, GoToMyPC etc.
✓ Always keep Yubikey in locked cabinet when not in use.	× **Don't** use SEI Web Conferences for meeting with third parties who are not from SEI, its clients, vendors or regulators and/or prospects or vendors who have not signed a nondisclosure agreement.
	× **Don't** disclose Confidential Information to anyone without the need-to-know.
	× **Don't** carry any paper inside the Clean Room and do not bring any paper outside the Clean Room.
	× **Don't** click any link in a mail received If you have doubt on its validity

Coforge SEI-Do's & Don'ts – AI Usage

***All activities** on SEI network are **monitored** for compliance to policies described in SEI's Information Security Program.*

*There is a **ZERO** tolerance for any **violation** of the acceptable use policy requirements and may be subject to **disciplinary action** which may include possible **termination of employment**, and civil and criminal liability.*

The appropriate action is determined by an employee's manager in coordination with SEI Workforce Development/Coforge HR.

Do's	Don'ts
✓ Use **SEI-approved** AI tools for **work-related** tasks on SEI network/devices.	× **Don't** use public AI websites/apps for SEI business (e.g., **ChatGPT, Gemini, Claude, Meta AI, Perplexity, public Copilot**).
✓ Use **Microsoft 365 Copilot** for internal work (drafting, summarizing, searches, basic analysis, internal workflows).	× **Don't** enter **SEI or SEI client Proprietary, Confidential, or Personal data** into any AI tool.
✓ Review AI output before you use it—check facts, numbers, names, tone, and completeness.	× **Don't** rely on AI output without validation (AI can be wrong or "hallucinate").
✓ Create **Personal Copilot Agents** only for your own internal use—and set them up so they don't send emails or change documents without your review/confirmation.	× **Don't** use AI output that appears biased, discriminatory, hateful, offensive, or defamatory.
✓ Use **Microsoft-published Copilot Agents** for individual internal administrative/management tasks.	× **Don't** use Copilot to perform services/functions that clients contracted SEI to perform **unless approved**.
✓ Report suspected misuse (intentional or accidental) to your supervisor.	× **Don't** deploy a **Shared Copilot Agent** without approval.
✓ Complete required AI Acceptable Use training.	× **Don't** use a **Third-Party Copilot Agent** from the Copilot Store unless approved by Corporate Technology and through the required approval process.
	× **Don't** continue if Copilot references a file you believe you should not access—stop and escalate.
